

December 31, 2019

In October 2018, Glenshire Devonshire Residents Association (GDRA) completed the required criteria and was **nationally recognized as a Firewise Community by Firewise USA®**.

As of January 1, 2020, all of the following Truckee communities are officially included in the GDRA Firewise Community national recognition. Click [here](#) to view GDRA Firewise Community Map. Click [here](#) to view National Firewise confirmation (scroll down to California)

**Buckhorn Ridge Association
Glenshire Devonshire Residents Association
Cambridge Estates Association
Elkhorn Ridge Association
Sierra Bluffs Association
The Meadows Association**

Part of being a recognized Firewise USA® site is reporting the ongoing work residents complete each year to reduce their wildfire risks, while addressing the areas identified in their community wildfire assessments. Every year participating sites must submit an annual renewal to maintain their “In Good Standing” status. Please help us maintain our Firewise Community Designation by logging defensible space hours May through October at www.glenshiredevonshire.org

The above communities are dedicated to maintaining the health of the forest within the association’s common space while minimizing the threat of forest fires. Truckee Fire, Cal Fire and a local certified Forester has assessed and will continue to assess and help manage the fuel reduction and forest health of these parcels. To help offset costs, Truckee Fire and Cal Fire to date have secured over \$70,000 in grants to help fund such projects.

We continue to work with Truckee Fire, Cal Fire, Truckee Police Department as well as other entities to provide fire safety educational outreach. And, upon request, Truckee Fire performs onsite defensible space inspections to help homeowners achieve and maintain a fire safe condition around their homes.

Glenshire Devonshire Residents Association is very proud of obtaining this national Firewise designation and look forward to working together with our Community toward maintain this status and increasing fire safety.

Sincerely,

Lori Kelley
Glenshire Devonshire Residents Association
