**Doug brought up GDRA fee for tree removal.**

Approval of Minutes 10/7/2021 **Approved 4-0**

Updates

- Insurance Provider List  
**Discussed insurance companies giving discounts, lowering non-renewals for Firewise community members. Eric suggested we make sure residents on Fair Plan know they should be getting discounts.**
- Measure T  
**Eric provided a summary of Measure T: \$179 per parcel/yr. Will generate approx. \$4M. TFD operating out of reserves until funding starts in 2023. Focused on larger acreage. Hiring 4 defensible space inspectors. 3 green waste options. Anyone can call for home fire inspection, and inspectors will target neighborhoods. Community Wildfire Protection Update-Will do community scoping meetings. Q&A.**
- Other **None**

June 2022 Firewise Workshop Plan

**Adrian had ideas about a workshop. Not sure of outline or concept yet. Spotlight Caldor where they lost no houses. Testimonials from owners and fighters that worked the Caldor fire. And, reasons why do firefighters decide to pass a house and let it burn. Deck solution – aluminum deck boards.-1 or 2 boards next to structure. Should share how to properly put out campfire. Shoot for end of June. For now, Adrian, Lori, Bill and Simone will work behind the scenes.**

Open Session **Call Town Keeping it Green: re: earlier green cart – April-Jennifer & Lori will call Town. Maybe Measure T can cover in 2024. Lori will get in touch with Pat Leach re: separate Firewise designations. Do people really know how to home harden and have funding? Some permitting also needed.**

Adjourn **7:20pm**
