Absent: Meadows: Patrick Costamagna**

Public or committee member comments – limited to 3 minutes per person **None**

Approval of Minutes 11/9/2023

Jake motioned to approve 11/9/2023 minutes, Adrian seconded - passed unanimously.

Unfinished Business

- Forest Futures Grant Update
Bill is in progress on fuel reductions plan and updated that he has walked all properties and biggest bang for buck will be for our common areas. Still needs to complete reports.

New Business

- CWPP Comments
Dillon Sheedy from Truckee Fire presented maps and many details. The group discussed CWPP comments, including evacuation areas, large areas, Town first 5 feet, etc. Dillon pointed out on the map how Tahoe Donner's risk has reduced and believes Bill Houdyschell's years of work there contributed to this. Adrian, Jake and others present will submit an individual comment on the CWPP. Lori will submit a comment on behalf of The Greater Glenshire Firewise Community based on discussion items. More discussion occurred.

Open Session

The attendees thanked Dillon for his very informative presentation.

Adjourn **6:15 pm (approx.)**
